Chrysler Registry

October 1, 2001

Dear Chrysler Enthusiast,

As of the above date, all of the following information is accurate to my knowledge.

1970 Superbird VIN **RM23R0A162318** is registered in the NASCAR Registry.

All Superbirds were built between October 23 and December 15, 1969.

The actual build date of your Superbird is about **November 11, 1969**.

It is # **0853** on the NASCAR List of 1920 VINs.

It is # **044** in the **06th** batch of 28 batches of Superbirds.

It is # **0249** of the 1935 Superbirds built.

It is # **25** of the **73** 426 HEMI's I have registered for **USA**.

There were **135** HEMI Superbirds sold new in **the USA**.

Please let me know the date on the Door VIN Decal.

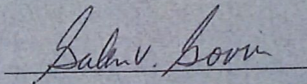

According to David Patik, the correct "Plymouth " decal color on the quarter panel is

Black = EW1, EK2, FK5, FY1, FJ5.

White = EB5, EV2, 999, (FJ5).

Note: 999-Petty Blue HEMI Superbirds do not exist.

If there is anything, I can do for you do not hesitate to write.
