PONTIAC
HISTORIC SERVICES

P.O. Box 884 • Sterling Heights, MI 48311-0884

Dear Pontiac Enthusiast:

Thank you for your inquiry concerning the history package on your Pontiac. There are several items that you should be aware of:

1. The microfilm quality is not the best. In those cases where it is difficult to read, we've hand written the data. Additionally, in all cases, the copy attached is the best we can reproduce.

2. We've attached a copy of the car order form, matching your car, for easy decoding of the manifest or billing history card. Options such as code "382" found on the manifest refer to the same option on the order form (in this case a "382" is the G.T.O. option for 1964/65). Don't try to decode all of the options from the manifest, as several codes were used to describe such things as "Winter Antifreeze", and are not listed on the order form. However, one trick is required:

Manifest Code	Car Order Form Code
503	501 Power Steering
	502 Power Brakes

Add the 50"1" and the 50"2" and get 50"3"; this applies to all manifests and history cards.

(Note: 1969 and newer Pontiacs have their options already decoded, so the above information need not apply.)

We have made every effort to be as thorough as possible, in responding to the varied special requests that we have received, in addition to the vin information package on your vehicle. Some of these requests are, unfortunately, impossible to fill, or the information requested, no longer exists.

One last item. We couldn't resist enclosing a copy of the latest brochure from Pontiac, for your viewing. You can bet that as sure as the nameplates of G.T.O., Super Duty and 2+2, to name a few, have become valuable real estate today..... The 1998 nameplates of Grand Prix, Sunfire, Trans Am - WS6 and others are headed in the same direction. After all, history does repeat itself!

Sincerely,

Pontiac Historic Services
